CITIZEN COMMENTS

Chaplain Hassan Hakeem, President of the Ahmadiyya Muslim Community in Zion, thanked the City of Zion, particularly Chief Brooks, Ron Colangelo, and Commissioner Shantal Taylor, for their assistance when the AMC leader visited from London recently. He stated that the Police Department’s performance was outstanding, especially that of Sgt. Alan Lother who was on site continuously during the visit. He complimented Commissioner Shantal Taylor and Ron Colangelo for their efforts in having alley entrance repairs made expeditiously.

Patrick Walsh, 2317 Lydia, stated there was a water main break on 23rd Street recently and that the Public Works Department crew did a great job in the extreme heat. They even took the time to explain their actions to his 9-year-old son. He stated that the City is blessed with the current crew under Ron Colangelo’s leadership and the City is fortunate to have them. Mr. Walsh asked the City Council to strongly re-evaluate the proposed public participation/citizen comments ordinance. He stated it will cause people to be unable to be heard and that the ordinance will open the City Council to favoritism. He stated he believes there should be rules, but that the rules should not be so restrictive as to make people feel they have no rights.

Jack Edwards, 1310 Carmel Blvd., asked the Council how to go about reviewing the Appropriation Ordinance. Clerk Burkemper provided a copy to Mr. Edwards.

Brian Cashmore, 2659 Sheridan Road, stated that during periods of heavy snow he can’t get of out of the alley and can barely get down the street. He asked if the City could get more volunteers to help with street cleanup. Commissioner Jim Taylor suggested to Mr. Cashmore that he discuss the matter with Ron Colangelo or Commissioner Flammini.

Janet Jones, 1728 23rd Street, thanked the City for cleaning up the areas around the clothes donation boxes and for hanging the banners as she had requested at a previous meeting. She asked the Council if a decision had been made regarding trolley rental. Kringle’s Kingdom of Lake County is interested in renting it. She asked whom she should contact. Commissioner Jim Taylor stated that Finance Director Knabel and Sonolito Bronson were working on a document for presentation to the Council.

W. C. Bremner, 2525 Elim, stated that he has received both mail and phone solicitations regarding electric aggregation. He asked if the City has done any research or has taken any action regarding this issue. Mayor Harrison stated that each electric company that purports to the City and residents all seem to have different rates for switching service. The length of time these rates would be available also seems to change from provider to provider. Mayor Harrison stated that the Council has taken no action to date, but that citizens can individually opt in without the City’s approval or involvement.

Tynisha Gardner, 1909 Daybreak Lane, stated she would like more clarity regarding citizen comments. She asked what the procedure would be if more than one department head is involved in an issue. She asked, now that there is no Human Relations Commission, how do citizens interact with the City Council. Mayor Harrison stated that citizens should contact the appropriate department, and if there is no resolution, then contact the Commissioner. Mayor Harrison stated that the opportunity for citizens to address the council is required by law and that this forum will remain the same.

Mayor Harrison stated that rules should be adopted for both citizens and the Council to abide by. He stated that the ordinance is not overly restrictive and will allow all those who want to be heard the opportunity. He stated that this ordinance is not different from that of other municipalities. Attorney Randall stated that most municipalities have ordinances in place and the City Council has a right to adopt reasonable rules.
