Upon reviewing the code, it was discovered that the code did not contain a section that outlined the details of the City’s video gaming ordinance. She stated she and Clerk Burkemper met with Attorney Randall to go over necessary additions to the code to address video gaming. She stated other “housekeeping” items have been added/deleted as video gaming relates to the Liquor Control Regulations and Gambling. CONFERENCE & SEMINAR TRAVEL POLICY

A memo (16-DOC-87) was received from Clerk Burkemper requesting that the Council adopt the revised “Conference & Seminar Travel Policy and Procedures”. Mayor Hill stated that the Department Heads have reviewed the City’s current policy for approval/reimbursement of conference and seminar travel which was last revised in 2004. In order to avoid the policy falling victim to obsolescence, it was agreed that lodging, travel and meal rates be based on the average daily industry rates specific to the area to which each employee travels as determined by the GSA (General Services Administration). It was further agreed that expenses should not exceed the IRS guidelines in effect at the time of travel. Updates to the policy include, the following requirements set forth in Public Act 099-0604 with an effective date of January 1, 2017:

Expenses for travel, meals and lodging of any employee that exceeds the maximum allowed under the regulations adopted under Section 10 of the Act may only be approved by roll call vote at an open meeting of the corporate authorities of the municipality.

Reimbursement for any entertainment expenses shall be prohibited. “Entertainment expense” is defined by the Act to include shows, amusements, theaters, circuses, sporting events, and any other place of public or private entertainment or amusement unless ancillary to the purpose of the program or event.

It was moved by Commissioner McDowell, seconded by Commissioner McKinney to adopt the revised “Conference & Seminar Travel Policy and Procedures” as presented. The vote on roll call was: Commissioners Frierson, aye; McKinney, aye; McDowell, aye; and Mayor Hill, aye. Motion carried.

ELECTED OFFICIALS EXPENSE REIMBURSEMENT POLICY

A memo (16-DOC-88) was received from Clerk Burkemper requesting that the Council pass a Resolution approving a travel policy for elected officials to comply with the requirements of Public Act 099-0604. Mayor Hill stated the State of Illinois General Assembly enacted Public Act 099-0604 with an effective date of January 1, 2017, to establish certain obligations on local governments regarding reimbursement of local officials’ expenses. This new law places two new obligations on units of local government: 1) to adopt by ordinance or resolution a local policy on expense reimbursement and 2) to approve by roll call vote of the corporate authorities any expenses that exceed the maximum allowable reimbursement established by the local policy. The new law also prohibits any unit of local government from reimbursing entertainment expenses. Municipalities must adopt a policy before January 1, 2017 to include, at a minimum, the types of official business for which travel, meal, and lodging expenses are allowed, a maximum allowable reimbursement for travel meals, and lodging expenses, and a standardized form for submission of travel, meal and lodging expenses. Mayor Hill stated the Council receives a quarterly stipend to cover travel and incidental expenses.

It was moved by Commissioner McDowell, seconded by Commissioner Frierson that a Resolution (16-R-20) be passed approving a travel policy for elected officials to comply with the requirements of Public Act 099-0604. SECURITY BENEFIT 457 PLAN AMENDMENT

A memo (16-DOC-89) was received from Clerk Burkemper requesting the Council consider the amendment to the Security Benefit 457 Plan to include the Roth elective deferral option. In January 2016, the Council approved the Security Benefit “Adoption Agreement for Eligible 457 Plan”. The City chose to allow the following contribution types to the Plan:

1) Pre-Tax Elective Deferrals – The dollar or percentage amount by which each participant elected to reduce his compensation as provided in the participant’s Salary Reduction Agreement

2) Rollover Contributions – The plan will accept a rollover contribution from any eligible retirement plan
In 2016, the City chose not to allow Roth elective deferrals as that had been past practice since the City first offered this benefit. The reason the City chose not to allow Roth deferrals from the onset is unknown. The City’s choice to not allow Roth deferrals has become an issue as an error was made in the application of contributions which affected a City employee since July 2015. This error caused his contributions to be pre-taxed. In order to correct the error, and allow Roth Deferrals moving forward, it is necessary for the City’s Plan to be amended. Security Benefit is willing to retroactively amend the Plan to allow Roth elective deferrals as of July 1, 2015 to correct the error. If the amendment is approved, a letter of instruction would be submitted to Security Benefit asking that the Roth feature be added to the Plan as of July 1, 2015. Director Knabel is in favor of adding the Roth deferral option to the Plan. Mayor Hill stated there is no cost to the City to add this option.

It was moved by Commissioner Frierson, seconded by Commissioner McDowell to amend the Security Benefit 457 Plan to add the Roth deferral option to the plan. The vote on roll call was: Commissioners Frierson, aye; McKinney, aye; McDowell, aye; and Mayor Hill, aye. Motion carried.

PUBLIC WORKS SERVER

A memo (16-DOC-90) was received from Director Colangelo requesting the Council consider the quote from the City’s IT Consultant (Computer Help Key) to replace the computer server at the Public Works Facility. He stated the current server is outdated, out of warranty and no longer supported by Microsoft. He stated it was originally planned to replace it with a server from the Police Department but that would only buy the City one year’s worth of time. It would also require duplicating installation costs. Staff is requesting purchasing a new server this year and paying only once for installation through Computer Help-Key for a combined cost of $6,541.19. He stated the funding would come from the Water Fund’s IT Consultant and Software line item accounts.

It was moved by Commissioner McKinney, seconded by Commissioner Frierson to accept the quote from the City’s IT Consultant (Computer Help Key) for purchase of a new server and installation for the Public Works Facility in an amount not to exceed $6,541.19. The vote on roll call was: Commissioners Frierson, aye; McKinney, aye; McDowell, aye; and Mayor Hill, aye. Motion carried.

AFLAC BENEFIT

A memo (16-DOC-91) was received from Director Knabel requesting the Council consider offering AFLAC supplementary insurance as an employee benefit. He stated he recently met with an AFLAC representative to discuss the benefit. He stated employees could take advantage of the plan which provides supplemental medical coverage. He stated participation is voluntary and there is no cost to the City. The plan is between the employee and AFLAC. He stated all it would require from the City would be a payroll deduction.

It was moved by Commissioner McDowell, seconded by Commissioner Frierson to approve offering the AFLAC supplementary insurance benefit to City employees. The vote on roll call was: Commissioners Frierson, aye; McKinney, aye; McDowell, aye; and Mayor Hill, aye. Motion carried.
