There is an additional two acres adjacent to the subject site that BC Automotive has agreed to relocate to. He stated that the Army Corps of Engineers have found no issues with the site.

Director Knabel stated that this would be an enclosed medical cannabis cultivation center that would not serve as a dispensary and would be closed to the public. The facility would be licensed and regulated by the State of Illinois in accordance with strict guidelines governing the Compassionate Use of Medical Cannabis Pilot Program Act. The Act enables patients diagnosed with a specific terminal illness or debilitating medical conditions defined by the law to obtain medically grown cannabis if authorized by their physician such as cancer, multiple sclerosis, Parkinson's disease, muscular dystrophy, lupus, HIV/Aids and most recently added, epilepsy.
