Fax: 1-847-746-0355

This letter is to inform residents of the upcoming Street within your neighborhood. IDOT and the City has awarded the project to Johnson Paving Inc.

The following Street is scheduled to be resurfaced:
27th Street from Emmaus Avenue to Galilee Avenue
Work will begin **August 8, 2022** and completed by the end of **October 2022**.

During the construction there may be intermittent delays on the street, intersections, alleys, and driveway approaches as construction equipment moves around. Johnson Paving Inc. will attempt to minimize delays to the residents and maintain access to residents throughout the project. However, residents may experience delays or situations where portions of the street, alley and driveway are not accessible for up to a day. Please be patient during these times when access is not readily available. Advanced notices will be given if vehicles need to be moved or parked elsewhere for a temporary duration.

Mail delivery and garbage service will continue throughout the duration of the project.

The most important part of any project is safety. Please work with us in respecting all signs and construction zones.

Questions concerning the project will be handled through Christopher Burke Engineering on behalf of the City. Please contact Owen Wattelle at 847-951-0691.

Again, thank you for your patience.
