

Galilee Avenue Resurfacing RFQ

Description:

City of Zion – Galilee Ave Resurfacing Project REQUEST FOR QUALIFICATION (RFQ) – PHASE III ENGINEERING

The City of Zion Public Works Department (hereinafter City) is seeking Phase III Engineering Services for the Galilee Avenue Resurfacing Project. This construction phase of the project is funded through the federal Surface Transportation Program (STP); therefore, all work must be done in accordance with STP guidelines.

The Consulting Engineer shall perform and carry out, in a professional and satisfactory manner, the necessary services required to complete the requirements included in the project. The City shall provide a qualified Liaison Engineer to assist the Consultant in City interpretations. The services to be provided related to this Request for Qualifications (RFQ) are described in the Minimum Scope of Services section of this RFQ. All work must adhere to City and Illinois Department of Transportation (IDOT) standards as required.

The Consulting Engineer shall have successfully completed a minimum of three projects of the same type and size to the Galilee Avenue Resurfacing Project. The proposed Project Manager shall have a minimum of five years of experience in Phase III Engineering on IDOT STP projects. A list of these projects and the IDOT Area Supervisor and local agency contact for the project should be provided.

This work consists of resurfacing Galilee Avenue (FAU 2740) from 21st Street (FAU 1201) to 33rd Street (FAU 1208) [7800 feet]. This project consists of removal of 2" of asphalt pavement. Pavement will then be replaced with HMA Surface Course 1.5" and Polymerized HMA Binder Course 0.75". This project also consists of spot patching – asphalt bases, curb and gutter removal and replacement (as necessary), sidewalk removal and replacement (as necessary), detectable warnings – ADA Accessibility, structure adjustments, and pavement striping.

The schedule on this project is critical and a team with the experience and relationship with IDOT staff to complete the design in a timely manner is key. The project is scheduled for an April 25, 2025 letting.

Minimum Scope of Services

- The selected Consultant must be familiar with the submittal requirements of IDOT BLRS.
- Familiar with IDOT Documentation
- The Consultant shall include any necessary review of submittals.

Proposal Deliverables

- Submittals shall include: The names and resumes of the proposed key personnel assigned to the project
- A list of a minimum of three IDOT STP projects on which the proposed project manager has successfully managed similar Phase III Engineering projects.
- Include a minimum of three references from other agencies for which the proposed project manager has successfully managed similar projects.
- A list of sub-consultants, if any, who will be used on this project.
- A detailed statement of project understanding describing the scope of the project and items that may require special attention or detail.
- No fees shall be submitted at this time.

Review and scoring of the submittals will be based on the following:

- Technical Approach – 30%
- Similar Project Experience – 20%
- Project Team/Staff Capabilities – 20%
- Overall Completeness of Submittal – 15%
- Work Load – 15%

Proposal Due Date The City is requesting three paper copies and one electronic copy in PDF format on a flash drive of the Proposal be submitted no later than December 6, 2024 at 12:00 PM. Based upon review of the Proposals, a fee proposal will be request from selected consultant. The Proposal should be directed to the attention of Ray Roberts, Director of Public Works & Engineering.

Proposal Evaluation

Proposals will be evaluated on the following criteria:

- Experiences and capability of the proposed project team
- Proposed project understanding and approach, and scope of services to be provided

If you have any questions regarding this project, please contact Ray Roberts, Director of Public Works at 847-746-4050 or raylr@zion.il.us.
